Alone again? Separated, Divorced, or Widowed?

- Are you grieving the Loss of a spouse through death, divorce or separation?
- Are you having trouble accepting that you no longer have a partner?
- Are there some unresolved issues you need to deal with?
- Have you run out of family and friends to whom you can tell your story?
- Do you wish you could just "Move On"?

If you've answered "YES" to one or more of these questions, perhaps it's time to reach out and ask for help from a team member at the Beginning Experience. The person you speak to has been in a similar position to where you are NOW. They know the pain of loss through the death of a spouse, divorce or separation.

Beginning Experience is an international programme for widowed, divorced and separated people. It is a peer ministry intended to facilitate the resolution of the grief surrounding the end of a long term relationship and to find new hope for the future, increased emotional health and renewed energy.

The programme is both psychologically and spiritually sound, having been developed by respected professionals in ministry, grief psychology and education. The people who help facilitate the programme, are former participants, who are further along in their healing process. They have personally benefited from the Beginning Experience, and are now able to 'give back'. Having been in a similar place as you, they are uniquely equipped to be good listeners, to empathize and to encourage you through the grief process.

Attending a weekend retreat can be intimidating, especially when you are in the midst of a loss, but by stepping out of your comfort zone, you may discover this programme could potentially be a turning point. The mission and motto they hope to offer is "*A Weekend Away, for a Lifetime of Change*".

***** The next weekend in Auckland starts on Friday evening 18th May 2018 to Sunday 20th May and costs \$295 for accommodation, meals, materials and a follow-up reunion.*****
